

Partner Profile

Special Need Children Center Foundation

The Special Need Children Center Foundation (SNCCF) is a 501c3 nonprofit organization established in 2007. Their vision is to create a center where children and families with special needs could go and get help, have fun, learn, socialize, interact with other families, and have access to specialists.

They envision an environment where children and young adults with special needs can enjoy their early years without regard to individual limitations and simply delight in their youth.

The ultimate goal is to create a center that would offer knowledgeable resources to address the unique challenges faced by special needs individuals and their families, provide a safe environment for socializing, and help prepare them for a productive adult life.

They have also understood that doing small projects in developing countries can have an enormous impact on children with disabilities. It is in this capacity that TGUP has partnered with SNCCF.

Partner Name:

Special Need Children Center Foundation (SNCCF)

Partner Website:

<https://snccf.org/>

Partner Location:

Fremont, California

Partner Mission:

Their mission is to help provide special need children with the resources, environment, and support they need to transition to productive, self-sufficient, and fulfilling lives as adults.

TGUP Projects:

SNCCF provided the funds for a complete renovation of a special needs school in Kenya, including new dorm roofs, play equipment, painting of buildings, water drainage, new trees, washing machines, and more.
